Long Beach, CA 90815

(562) 570-4003

FAX (562) 570-4066

March 26, 2008

To: Interested Homeless Management Information System (HMIS) Software Companies

The City of Long Beach Department of Health and Human Services, in conjunction with the HMIS Steering Committee announces the release of the Request for Proposals for the Homeless Management Information System (HMIS).

The City of Long Beach is committed to provide quality data that informs our citizens of the progress made by the local Continuum of Care jurisdiction. The Homeless Management Information System is a valuable component, not only for outcome reporting, but also for streamlining the system of care services, preventing duplication of efforts and improving system wide coordination. Implementation of this new system is time critical, to ensure maximum benefits are maintained on behalf of the providers that make up the Long Beach Continuum of Care system.

Copies of the Request for Proposals (RFP) may be obtained starting March 26, 2008 at the City of Long Beach Department of Health and Human Services (DHHS), 2525 Grand Avenue, 2nd Floor, Human and Social Services Bureau, Room 235, Monday through Friday 8:00 AM – 5:00 PM. Materials will be emailed in response to telephone requests from software vendors not located within the local geographic area. Completed proposals must be received by DHHS no later than 4:00 p.m. on April 18, 2008.

Sincerely,

Susan Price
Homeless Services Officer
